A Medicare Plan that Brings You Cost Savings and Peace of Mind

When you're comparing your Medicare coverage options, it's important to choose a health plan that provides the coverage you need and access to the high-quality, compassionate care you deserve— with less out-of-pocket cost than traditional Medicare.

KelseyCare Advantage is NOT a Medicare supplement, and we do NOT replace Medicare. We are a Medicare Advantage plan offered through a Medicare contract to provide all of the health care coverage you're entitled to under traditional Medicare, and more.

KelseyCare Advantage Brings You ...

- **Comprehensive Coverage**

KelseyCare Advantage offers you even more coverage than Medicare. We provide all of the health coverage you're entitled to under traditional Medicare, and more. KelseyCare Advantage provides comprehensive coverage—we even offer Part D prescription drug coverage and the option to access doctors who are in or out of the KelseyCare Advantage provider network.

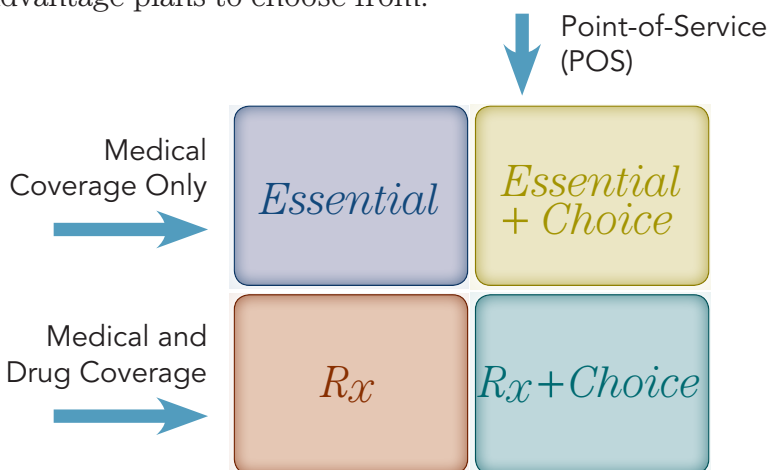

- **Savings on Out-of-Pocket Medicare Costs**

KelseyCare Advantage has no deductibles and low copayments, which helps you save money on out-of-pocket costs. And, in many cases, you'll pay less than you would under traditional Medicare.

- **High-Quality, Compassionate Care from Kelsey-Seybold Clinic**

The cornerstone of the KelseyCare Advantage provider network is Kelsey-Seybold Clinic, a premier medical group that has been providing care for Houston-area families for more than 60 years.
